## **Amador County Regional Traffic Mitigation Fee Program Annual Status Report for Fiscal Year 2022/23**

The purpose of this Annual Report is to document Regional Traffic Mitigation Fee (RTMF) program history, describe project obligations, identify approved expenditures, account for new revenues, and describe new program modifications.

### **RTMF Program History**

In 2006, the County of Amador and all five (5) incorporated cities adopted a Memorandum of Understanding (MOU) with the Amador County Transportation Commission (ACTC) to establish the RTMF program to collect fees on new building construction within Amador County for the purpose of mitigating traffic impacts on the regional roadway system. By statute, these fees can only be spent on a specified list of projects subject to a Nexus Plan that describes the relationship between the ‘project’ and its ‘impact’.

Pursuant to the original 2006 RTMF program agreement, fees collected by the cities and the County were set at a rate of \$283.20 per trip end. In Fiscal Year (FY) 07/08, the cities and County increased the fee (due to inflation) to \$304.00 per trip end. In FY 14/15, the fee schedule was modified again, increasing the Residential trip rate to \$388/trip end and reducing specific high-volume Commercial trip rates to \$167/trip end. The updated MOU, Fee Schedule (Attachment D), and Capital Improvement Program (Attachment C) was approved in FY 15/16 by the County and all five (5) member cities.

Since its inception, the RTMF program has helped to fund construction of seven (7) regionally significant transportation projects, shown below:

1. SR 88/104 (Martell – County)
2. Mission Boulevard (City of Jackson)
3. Court Street/SR 88 (City of Jackson)
4. SR 49/Main Street (City of Jackson)
5. Sutter-Ione Road (City of Sutter Creek)
6. SR 104/Prospect Drive-Bowers Drive (Sutter Creek)
7. SR 49/Main Street Roundabout (City of Plymouth)

In addition, the Program has obligated contributions toward the following projects currently in the planning or project development phase:

8. Sutter Street Extension/SR 49-88 (City of Jackson)
9. Western Ione Roadway Improvement Strategy (WIRIS) – (City of Ione)
10. Argonaut Lane/SR 49-88 (Martell - County)
11. Wicklow Way Extension

The RTMF Oversight Committee (OC) is comprised of one (1) appointed representative from each City and the County. The ACTC also appoints a representative. The OC meets annually to review the prior FY Annual Report, and provide recommendations for any funding, project, or other program adjustments to be considered for adoption by member agencies. In 2014/15, the cities and County agreed to modify the original MOU to state that the ACTC member would be a representative of the County.

**At the June 5, 2023 RTMF Oversight Committee meeting no actions were taken to modify any RTMF program elements.**

As required by the MOU, each city and the County submits RTMF revenues to ACTC for deposit into an account solely designated for the RTMF program. In FY 22/23, the RTMF program received revenue from member jurisdictions (including interest earned-\$6,217) totaling **\$331,250**. Those FY 22/23 contributions are shown below:

• Amador County	=	\$ 141,132
• Ione	=	\$ 139,608
• Jackson	=	\$ 0
• Sutter Creek	=	\$ 17,133
• Plymouth	=	\$ 27,160
• Amador City	=	\$ 0

On Attachment A these contributions from member jurisdictions bring fund revenue since program inception to total **\$11,231,225**. Attachment B lists RTMF project revenue, approved expenditures, current obligations, and project status. (The projects shown as “Completed” were constructed with final expenditures recorded prior to FY 14/15.)

The following summary outlines the current status of RTMF-funded projects, current funding obligations, and actions of the RTMF OC through FY 22/23:

**SR 104 - Prospect Drive/Bowers Drive Intersection/Realignment**

The RTMF OC approved this project with the condition that the Gold Rush Ranch development project would repay the RTMF program for the entire cost of the project - \$1,482,127.

Conditions of Approval for the Gold Rush Ranch development project (City of Sutter Creek) required Gold Rush Ranch to repay the RTMF program for the total cost incurred for the SR 104 - Prospect Drive/Bowers Drive Intersection/Realignment project and to complete additional lane(s) and signalization before the first Gold Rush building permit could be approved. These Conditions mitigated impacts generated by additional traffic from the Gold Rush development pursuant to the Gold Rush Ranch EIR and project approval documents.

The Gold Rush Ranch Tentative Map is now expired. ACTC is in discussions with Sutter Creek representatives to consider appropriate mechanisms for repayment of Prospect Drive/Bowers Drive project costs.

**SR 49/Main Street, Plymouth**

The RTMF OC recommended \$200,000 to be programmed as a local match for the City of Plymouth’s SR 49/Main Street intersection project. This expenditure has been recorded. The Project was constructed at a cost of \$3.8 million.

### **Sutter Street Extension, Jackson**

In past years, the RTMF OC obligated \$1,300,000 to the Sutter Street Extension project. In 2006, the City of Jackson spent \$387,586 acquiring a key piece of ROW leaving an obligated balance of \$912,414. In FY 08/09, the OC authorized the City of Jackson to initiate project development efforts utilizing the \$912,414 programmed balance.

Remediation efforts by the California Environmental Protection Agency (EPA) and Department of Toxic Substances Control to retrofit the dam at the existing terminus of Sutter Street temporarily suspended project development efforts. In 2015, EPA approved a Phase 2 Removal Action. With the subsequent confirmation of satisfactory restoration of residential properties, EPA cleared the way for development efforts on the Sutter Street Extension project to recommence in 2019.

During this time period, a total of \$175,121 was expended leaving a balance of \$737,294 available for future project development efforts. In the past four (4) fiscal years, the City has expended an additional \$624,425 on continued planning and project development work. A balance of \$129,202 was left as of June 30, 2023. An additional \$16,333 will be reimbursed to the city in FY 23/24 leaving an actual balance of \$112,869 available from the original programmed commitment for continued project development work.

### **Western Ione Roadway Improvement System (WIRIS)**

The WIRIS project, identified as mitigation in the Ione General Plan and cited in prior development approvals, received an initial obligation of \$618,975 from the RTMF program. In FY 09/10, at a cost of \$124,187, Dokken Engineering completed a Project Study Report (PSR) selecting a preferred alignment and funding strategy. At that time, the PSR estimated the total cost for the WIRIS to be \$113.4 million.

In FY 09/10, given reduced expectations for funding at the Federal, State, and Local level, the OC recommended continued funding for development of the WIRIS project at a cost not to exceed \$177,000. After work to revise the PSR work was undertaken, that effort was suspended after incurring an additional \$45,279 in expenditures.

During FY 14/15, the City again revised its planning effort to focus on a down-scaled WIRIS project - OC authorized \$131,721 for continued work on the WIRIS project. This effort was to focus on improvements to existing roadway alignments for use as a bypass alternative. In FY 16/17, the City of Ione requested an additional \$80,000 in RTMF funding to prepare the updated WIRIS Project Report. The WIRIS Project Report was completed in FY 17/18 and the City was reimbursed in the amount of \$211,225.

Project alternatives developed by the Report were presented to the Ione Planning Commission and may be presented to the Ione City County for its consideration of formal adoption of a preferred, alternative alignment. The OC agreed not to provide additional RTMF funding until the Ione City Council takes further action on the Project.

### **Argonaut Lane-SR 49/88 Intersection**

In FY 07/08, citing Right of Way and Project Cost constraints, the OC recommended the project development process be suspended.

### **Wicklow Way Extension**

In FY 15/16, the RTMF OC agreed to loan up to 50% of funding from the Sutter Street Extension project to begin preliminary engineering for the Wicklow Way Extension project.

County staff estimated a cost of \$284,500 to prepare a Project Study Report (conduct environmental assessments and initiate preliminary engineering and design) for the Wicklow Way Extension project. To date, the study has not been initiated and \$284,500 remains obligated to the project.

The \$284,500 loan was repaid to the Sutter Street Extension project utilizing subsequent, annual contributions to the RTMF program.

### **SR 88 / Pine Grove Improvements**

During FY 17/18, the RTMF OC authorized programming \$1,000,000 in RTMF funding to be commitment to Construction costs for the Pine Grove Improvements project. This funding amount had been previously approved through adoption of the 2015 Amador County Regional Transportation Plan as shown on the attached RTP Tier I / RTMF Project list.

### **Memorandum of Understanding (MOU) modification**

At its May 3, 2018 meeting, the RTMF OC recommended that the RTMF MOU be modified to designate the agreement as “binding” among participant jurisdictions. This action was taken in response to:

- 1) The City of Ione agreement with a developer resulting in the deferral/loss of \$504,000 to the RTMF program.
- 2) The lack of a formal mechanism to reimburse the RTMF program for costs related to the Bowers Dr/Prospect Dr project in the City of Sutter Creek.

The OC committee intention with the action is to ‘bind’ member jurisdictions to requirements, stated in the MOU under Exhibit D “Administrative Policies and Procedures”, that any recommendations for deferrals, reimbursements, and/or adjustments to RTMF fees be brought before the RTMF OC for review and approval.

No new funding actions or amendments to RTMF policies were approved during FY 22/23.

### **FY 22/23 RTMF Fund Balance**

During FY 22/23, the RTMF program received additional revenue from its member jurisdictions (with interest) totaling **\$331,250** (Attachment A). Attachment B shows total remaining unprogrammed fund balance after accounting for current funding obligations. As of June 30, 2023, **\$3,253,870** is available for programming to eligible RTMF projects.

Attachment C lists current funding commitments toward projects on the RTMF Capital Improvement Program (CIP). (As approved through its adopted Nexus Study, the RTMF program maintains flexibility to fund any of the projects shown on the CIP Tier I listing.)

Attachment D shows the currently-adopted Fee Schedule. Also included with the packet are vicinity maps for RTMF-funded projects.

**RESOLUTION 23-24-\***  
**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SUTTER CREEK**  
**APPROVING THE FISCAL YEAR 2022/23**  
**AMADOR COUNTY REGIONAL TRAFFIC MITIGATION FEE**  
**PROGRAM ANNUAL REPORT**

**WHEREAS**, pursuant to its authority under Government Code 66000 et. seq., the City of Sutter Creek previously imposed regional traffic mitigation fees and amended said fees pursuant to Resolution 22-23-30; and

**WHEREAS**, the purpose of said fees is to mitigate the impact of new developments on the regional transportation system of Amador County; and

**WHEREAS**, The County of Amador and the County's five incorporated cities have all collected and deposited all regional traffic mitigation fees with the Amador County Transportation Commission ("ACTC") which has maintained the funds in a separate non-co-mingled capital facilities fund ("capital facilities fund") established for the above stated purpose pursuant to Government Code Section 66006(a) and (b); and

**WHEREAS**, the ACTC and the City of Suter Creek have made available to the public an annual program implementation report for fiscal year 2022/23 ("Annual Report") which is hereby incorporated by reference; and

**WHEREAS**, the Annual Report was prepared in accordance with Government Code Section 66001(d) and 66006(b)(1); and

**WHEREAS**, the City of Suter Creek has reviewed the information provided in the Annual Report and determined the information contained therein is true and correct; and

**WHEREAS**, the Annual Report reflects implementation of prior year recommendations of the Regional Traffic Mitigation Fee Oversight Committee as approved by the cities and County for programming and expending funds for projects consistent with the Amended and Restated Memorandum of Understanding ("MOU") establishing the countywide Regional Traffic Mitigation Fee Program and the Regional Traffic Mitigation Fee Nexus Plan 2000-2025 ("Nexus Plan"); and

**WHEREAS**, City of Suter Creek has agendized and considered the Annual Report at a regularly scheduled City Council meeting and considered public comment concerning the Annual Report during said meeting.

**NOW THEREFORE** the City of Suter Creek, County of Amador, State of California, finds and determines the following:

1. The above recitals are true and represent findings of the City Council.
2. The City Council hereby approves the Annual Report for fiscal year 2022/23 as presented.
3. That all recommendations for funding are consistent with the MOU and the Nexus Plan as required.
4. The approval of the Annual Report and programming and expenditure of funds consistent with the previously approved MOU and Nexus Plan is not a "project" or otherwise an act requiring environmental review pursuant to the California Environmental Quality Act.
5. That all Regional Traffic Mitigation Fees previously collected and not yet expended are accounted for and are still needed for the purposes for which they were collected.

The foregoing resolution was duly passed and adopted at a regular meeting of the City Council of the City of Sutter Creek on the 16<sup>th</sup> day of January 2024 by the following vote.

**MEETING DATE: JANUARY 16, 2024**  
**FROM: TOM DUBOIS, CITY MANAGER**  
**SUBJECT: COMMUNITY SATISFACTION AND PRIORITIES, FISCALLY SUSTAINABLE BUDGET PLANNING**

---

**RECOMMENDATION:**

Council to discuss. Recommended Staff Motion:

In preparation for 2024-2025 Budget, authorize the City Manager to retain consultants to:

- Assist with preparation of a long-range financial forecast
- Conduct community polling on resident satisfaction with local government and City priorities

**BACKGROUND:**

The City of Sutter Creek (COSC) has balanced its budget for a number of years through a combination of spending reserves (such as the State Route 49 Bypass Reserve) and deferring maintenance (on roads, wastewater infrastructure, vehicles, etc.), and maintaining low staff salaries. The city has not had a sustainable budget for quite some time and must take steps to address the imbalances which includes looking at both revenues and expenses.

The city's current budget is not sustainable in the long term for multiple reasons:

**Financial Reserves**

Reserves have dwindled, masking past city deficits. It is essential that the City budget not tap into long term reserves except in exceptional circumstances. The annual budget should be neutral allowing for long term planning by saving funds in reserves for planned purchases.

**Deferred Maintenance**

Sutter Creek does not appear to have practiced long term financial planning, setting rates and fees to build up reserves to replace and maintain key infrastructure on a planned replacement cycle.

City streets are failing, as well as sidewalks, drainage and other miscellaneous projects. Some steps have been taken to start a Capital Infrastructure Plan (CIP). The Draft CIP lacks prioritization and funding sources – it is a wish list. The needs total \$29M in needed maintenance and improvements.

City buildings and facilities are maintained by staff but there are no reserves if a major system were to fail and need to be replaced. Most of COSC fleet of cars for Police and Public Works are aging and there is not sufficient reserve to replace them on a fixed schedule. This includes police cars, pick up trucks, and specialized heavy equipment such as a dump truck. State laws are mandating a shift to zero emission vehicles and tools such as leaf blowers. There are no funds available for these mandated transitions.

Wastewater plant estimates for replacement have escalated rapidly to \$60M (expected to be \$90M by the time construction occurs). This analysis is based on flawed assumptions because of a leaky collection system and the project needs to cost reduced. However, it will be a significant cost and grants and loans will require some matching funds from the COSC, funds we currently don't have.

### **Staff Salaries**

The city has been scrappy and accomplished a lot while keeping costs low. Part time staff are used to help manage costs, at the expense of higher turnover and lost institutional knowledge. We are at a point, where the County and surrounding cities are offering higher compensation, making it hard to attract and retain talent. We may be pennywise and pound foolish when it comes to staffing. Police are in demand and can easily transfer to other jurisdictions. Public Works employees, particularly those with utility certifications can command higher compensation elsewhere.

These problems have built up over a number of years and can not all be solved at once. Council and Staff must agree to a plan and show sustained financial discipline in order to dig out of this hole.

Staff are taking steps on multiple fronts to address some of the problems. We are evaluating each aspect of the budget to optimize city finances. On the revenue side, we are looking at all potential sources including fee for services, rate payer studies, taxation levels and proper collection. We are seeking our grants whenever possible. On the expense side, all expenses are being evaluated and continue to be deferred when possible. Staff are encouraged to collaborate and save money whenever possible.

### **DISCUSSION:**

As we begin budget planning for 2024-2025, we are starting with some high-level long-range forecasting of both revenue and expense. Property tax, sales tax, TOT, Franchise fees, and gas tax trends will be projected over the next several years based on several economic scenarios (economic growth, recession, flat). Expenses will also be projected to highlight available funds for priority projects. Part of this process will also likely include evaluation of the city's current financial software planning and recommendation to automate / improve it.

Prioritization exercises are also beginning. There will be a special Council meeting offsite to get Council priorities and discuss what we hope to accomplish in the next year.

Finally, the COSC has not done a statistically sound survey of its residents to understand resident satisfaction and top priorities for all the residents. Which council members have a feel for the community, as we look at making difficult tradeoffs, hard data will be critical to make the proper

decisions. If the Council decides an additional annual income source is needed, such as a local sales tax, it will be critical to understand what tradeoffs residents are willing to make and what they would support that money being used for. Gathering this information is the first, most critical step.

If polling indicates a lack of support for additional revenue measures, it also lets the city save on expending any additional funds or effort on a potential tax measure.

Staff have talked to three firms that can provide consulting assistance. These firms specialize in assessing communities across the state – they are all leading firms. One respondent has supported over 150 California cities.

In order to have actionable, accurate information to feed into our budget process, it is critical to ask the questions in a scientific way and to have a representative sample. Unfortunately, the cost of polling does not scale down for a smaller city – the effort required is similar to larger cities because it is statistical sampling. Regardless of city size, you want to get 200-400 responses from voters. Sampling error would range from +/-7% to +/- 5%. Cost estimates from the three firms range between \$20,000 - \$30,000 for a poll. If we want to proceed with additional services, there would be an additional hourly charge of approximately \$5000 a month.

Deliverables include survey design, acquiring representative sample of voters, programming the survey, sending US mail, email and text invitations, analysis and reporting.

## **CONCLUSION and RECOMMENDED MOTION**

*Staff recommends, that in preparation for 2024-2025 Budget, Council authorizes the City Manager to retain consultants to:*

- *Assist with preparation of a long-range financial forecast*
- *Conduct community polling on resident satisfaction with local government and feedback on City priorities*

The proposed consulting engagement is a significant investment in planning for Sutter Creek. Staff does not make the recommendation lightly. It seems clear that Sutter Creek will require additional revenue in order to have a sustainable budget. A local sales tax could generate \$600,000 per year, every year. Getting solid data from our residents gives the city the best chance of success. As we develop a plan, we do not want to fail.

It is staff's judgment, that while we could pursue a more grassroots approach, scrimping here will make it more likely that additional revenue generation efforts could fail. If that happens, cuts in services will likely need to be made in order to have a long-term sustainable budget.

**DATE:** January 16, 2024

### DEPARTMENT INFORMATION December 2023

Monthly Statistics			
Calls for Service	110	+14 from November	
Traffic Stops	152	+1	
Officer Initiated Incidents	502	+40	
Business Checks	300	+42	
Vehicle/Pedestrian Checks	22	+3	
Total Officer Reports	38	+18	
Arrests	17	+11	
Moving Citations	9	-1	
Parking Citations	3	+2	
Total	1,153	+130	

### Downtown Foot Patrol:

During the month of December, SCPD continued to conduct daily foot patrol in the downtown area and averaged over 30 minutes per officer each day.

In addition to the standard daily foot patrol, officers and volunteers spent extra time interacting with City guests, citizens, and vendors to ensure a safe, enjoyable experience for all.

**Volunteer Service:**

In addition, our resolute Volunteers contributed over 38 hours of service, including citation and records processing, and responding to requests for collision reports.

As noted below, SCPD coordinated the safety of the Parade of Lights. This effort included 4 of our volunteers covering critical checkpoints and road closure locations.

**December Activities:**

December is a busy time of year for Sutter Creek and the SCPD. In addition to our primary duty to provide 24/7 police services to the community, we also take on critical roles in planning and staffing City events. This included the world-famous Parade of Lights, the Los Posadas event, and the City of Sutter Creek Open House Weekend.

SCPD created, funded, coordinated, and staffed the Shop with a Cop event, which was a successful effort to lift up local kids and families who needed a helping hand.

**End of Year Staffing Review:**

At present, SCPD is staffed by a Police Chief, a Police Sergeant, 3 Police Officers, 2 Reserve Officers and 5 Police Volunteers.

SCPD staff members have contributed to the City throughout the year by taking on additional duties, which have included providing leadership for Public Works, acting City Manager, and managing Code Enforcement.

2023 saw two Sutter Creek Police Officers leave for other agencies during various parts of the year. Because of the staffing shortages, the remaining officers picked up the additional workload, meaning more time on the streets and less time at home.

During the later part of 2023, SCPD welcomed two seasoned, enthusiastic officers to fill those vacancies. At the time of this report, the Sutter Creek Police Department is at full authorized staffing.

It is important to note the constant and critical contributions of the Volunteers. Because we have no authorized administrative staff, the Volunteers collaborate and coordinate to provide critical support in that area. We are thankful to have them and look forward to their continued partnership.
