Date Approved:

MEETING DATE:	MARCH 11, 2024
TO:	PLANNING COMMISSION
FROM:	ERIN VENTURA, PLANNING CONSULTANT
SUBJECT:	SUTTER CREEK HOUSING ELEMENT ANNUAL PROGRESS REPORT- 2023

RECOMMENDATION:

1. Review report and provide comments to staff.

BACKGROUND:

Local jurisdictions are required to submit a Housing Element Annual Report (APR) to the Governor's Office of Planning and Research (OPR) and the Housing and Community Development (HCD) by April 1 of each year. The report provides information to the State, and the public, on the implementation of the Housing Element and progress toward our Regional Housing Needs Allocation numbers.

APRs must be presented to the local legislative body for its review and acceptance, usually as a consent or discussion item on a regular meeting agenda. The APR is scheduled to be reviewed by the City Council on March 18, 2024.

DISCUSSION:

Staff prepared the Sutter Creek Housing Element APR for the year 2023. The 6th Cycle Housing Element was adopted at the end of 2023, and many of the programs have not yet been implemented (Table D). As staff availability and budget are available, programs will be implemented throughout the Housing Cycle.

In 2023 the City permitted or entitled 50 units (4 Single family homes and 46 multifamily units) and completed 1 single family home (Table A2). The City is on track to meet its RHNA for below market rate housing.

BUDGET IMPACT:

There is no budget impact directly. The APR recommends implementation of programs that may have budget impacts that will be addressed in each annual City budget.

Optional: Click here to import last year's data. This is best used when the workbook is new and empty. You will be prompted to pick an old workbook to import from. Project and program data will be copied exactly how it was entered in last year's form and must be updated. If a project is no longer has any reportable activity, you may delete the project by selecting a cell in the row and typing ctrl + d.

Optional: This runs a macro which checks to ensure all required fields are filled out. The macro will create two files saved in the same directory this APR file is saved in. One file will be a copy of the APR with highlighted cells which require information. The other file will be list of the problematic cells, along with a description of the nature of the error.

Optional: Save before running. This copies data on Table A2, and creates another workbook with the table split across 4 tabs, each of which can fit onto a single page for easier printing. Running this macro will remove the comments on the column headers, which contain the instructions. Do not save the APR file after running in order to preserve comments once it is reopened.

Optional: This macro identifies dates entered that occurred outside of the reporting year. RHNA credit is only given for building permits issued during the reporting year.

They must also be reported in the extremely low-income category (section 13) in Table A2 to be counted as progress toward meeting the extremely low-income housing need determined pursuant to Government Code 65583(a)(1).

Please note: For the last year of the 5th cycle, Table B will only include units that were permitted during the portion of the year that was in the 5th cycle. For the first year of the 6th

cycle, Table B will only include units that were permitted since the start of the planning period. Projection Period units are in a separate column. Please note: The APK form can only display data for one planning period. To view progress for a different planning period, you may login to HCU's online APK system, or contact HCD staff at apr@hcd.ca.gov.

Program 1: Countywide Housing Working Group	 Amador County, and the Cities of Amador City, Ione, Jackson, Plymouth, and Sutter Creek to establish a Countywide Housing Working Group, including one representative from each jurisdiction's Planning Department, by February 2024 to discuss and implement housing strategies. The Countywide Housing Working Group shall meet on a regular basis. Each jurisdiction shall annually evaluat the effectiveness of the CHWG in the implementation of programs. If the CHWG is determined to be ineffective in implementing any of the programs, each jurisdiction shall identify alternative actions to facilitate the implementation of relevant programs. 	Feb-24	The working group will be established by Spring 2024

Program 2: Housing Element Monitoring/Annual Reporting	Review the Housing Element annually and provide opportunities for public participation, in conjunction with the submission of the Annual Progress Report to the State Department of Housing and Community Development by April 1st of each year.	Annually	Annual Reports will be prepared by staff in March annually. The report will be reviewed by the Planning Commission and City Council during public meetings.
Program 3: Adequate Sites	 Each jurisdiction shall develop a formal ongoing procedure to evaluate development proposals, rezones, and other land use decisions and update the inventory and capacity of sites by income groups as necessary by the end of 2023. Each jurisdiction to work with the Amador-Tuolumne Community Action Agency (ATCAA) and private developers on an ongoing basis to find suitable sites for affordable housing and special needs groups, including extremely low income, transitional, supportive, and single heads of households housing with an emphasis on prioritizing housing opportunities in higher resource areas. 	Annually	Implementation in progress and ongoing. The Housing Element includes a citywide inventory of potential infill sites. The inventory list contained in the Housing Element is available at the Community Development Department offices and at Sutter Creek City Hall counter, and is posted on the City's website, www.cityofsuttercreek.org. The inventory was updated at the time the Housing Element is updated. Between updates of the Housing Element, City staff will maintain a database of the housing inventory, and vacant or infill sites with modifications entered each time a building permit or use permit is approved. The Planning staff will post the database on the City website and make available at the City Hall and Community Development counters.

 Each jurisdiction to maintain adequate sites to accommodate the RHNA throughout the 6th Cycle pursuant to Government Code Section 65863 (No Net Loss Law): Sutter Creek: 15 very low, 12 low, 13 moderate, and 34 above moderate income units The Zoning Code for each jurisdiction shall be updated to allow residential use by right for housing developments in which at least 20 percent of the units are affordable to lower income households for: 1) lower income sites that are vacant and have beer included in the inventory from two or more consecutive planning periods, and 2) lower income sites that are underutilized (nonvacant) and have been included in the inventory for a prior planning period consistent with the requirements of Government Code Section 65583.2. The attachment to the Annex for each jurisdiction identifies lower income sites that have been included in prior Housing Elements. 	Annually	Zoning Ordinance was updated in Fall 2023.

RECOMMENDATION:

- 1. Conduct a public hearing and receive public input, and
- 2. Find that the project is Categorically Exempt under 15301 (Existing) CEQA Guidelines; and
- 3. Adopt Resolution 23-24-** approving a Site Plan Permit for MACT for interior improvements to an existing medical/professional office building based on the proposed Findings and subject to the proposed Conditions of Approval for APN 018-010-025.

BACKGROUND:

The applicant submitted an application for a Site Plan Permit for interior improvements to an existing medical/professional office building located 321 Old Highway 49. Item 5A

DISCUSSION:

<u>General Plan</u>: The applicant is not changing the use of the site, only proposing interior improvements. The use is consistent with the existing General Plan Land Use designation of Commercial.

<u>Zoning</u>: The site is zoned C-2 and a medical/professional office is an allowed use within that zone. The proposed use is consistent with the uses of neighboring properties.

<u>Parking</u>: The applicant is proposing improvements to the lot, including accessibility improvements. They are proposing 46 parking spaces, which exceeds what is required per code, which is 17 spaces. Sutter Creek Municipal 18.48.030 requires 1 parking space for 300sf.

<u>Access</u>: Access will be off of Old Highway 49 from an existing driveway. There is no proposed changes to access.

<u>Landscaping:</u> The applicant is only proposing to maintain the existing landscaping and trees. No removals are being proposed at this time.

<u>California Environmental Quality Act (CEQA) Guidelines:</u> This application qualifies for a Categorical Exemption under 15301 (Existing Facilities).

REFERRALS:

The application was reviewed by the City Engineer, Building Inspector, and Public Works as part of the planning review process. The comments received have either been incorporated into the proposal or included as Conditions of Approval.

Staff recommends approval of the Site Plan application as presented, with the following Findings and Conditions of Approval:

FINDINGS:

- 1. The proposed use of the property is essential or desirable to the public convenience or welfare.
- 2. The proposed use is in compliance with the Sutter Creek General Plan goals, policies, and Commercial C-2 designation.
- 3. The proposed use will not impair the integrity and character of the zoning district because the use is consistent with activities within the C-2 Zone and the existing adjacent uses.
- 4. The proposed use would not be detrimental to public health, safety or general welfare because appropriate conditions of approval have been attached to the project.
- 5. The proposed use of the property implements the Sutter Creek General Plan and the purposes of the Planning Title.

CONDITIONS OF APPROVAL:

- 1. Applicant shall pay 0.13 connection fee for additional sewer flow. 0.13 connection fees equals 0.13 x \$9,943.00= \$1,292.50. Going forward all monthly service charges will be based on the 1.13 ESFUs.
- 2. After occupation, the building's water use will be monitored for 12 months to verify the original estimated flows. If actual flows differ from the original estimated flows, monthly fees and connection fees will be adjusted accordingly and billed to the parcel's account.
- 3. The City reserves the right to require the project to replace affected downstream pipelines if the actual daily flow exceeds the proposed daily flow.
- 4. The applicant shall receive approval from Sutter Creek Fire Department.
- 5. Any proposed signage must be approved prior to installation.
- 10. Meet the requirements of the Amador Water Agency and health department for Water Service.
- 11. Meet the requirements for City Sewer Service.
- 12. Comply with all applicable 2022 California Building, Plumbing, Mechanical, Electrical, and Fire Code requirements, including 2022 Chapter 11B/ADA requirements.
- 13. Provide asbestos and lead reports for the existing portion of structure to the remodeled.
- 14. Comply with City and County requirements for solid waste disposal.
- 15. Add headwall to the existing storm drain at Allen Ranch Road.

RESOLUTION 23-24-*

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF SUTTER CREEK APPROVING THE SITE PLAN FOR APN 018-010-025 AT 321 OLD HIGHWAY 49

WHEREAS, on the Planning Commission of the City of Sutter Creek did on Monday March 11, 2024, hold a public hearing for a site plan application for the remodeling of an existing building for use as a medical/professional offices (MACT); and

WHEREAS, the Planning Commission did at said public hearing receive a report from the planning staff, receive input from the Applicant and members of the public in attendance at said public hearing, and at the closing of said public hearing did deliberate and consider the same; and

WHEREAS, the Planning Commission does find the proposal is exempt from environmental review as a Class 15301 (Existing Facilities) Categorical Exemption under CEQA.

NOW, THEREFORE BE IT RESOLVED that the Planning Commission of the City of Sutter Creek hereby approves a Site Plan Permit for APN 018-010-025 based on the following Findings:

- 1. The proposed use of the property is essential or desirable to the public convenience or welfare.
- 2. The proposed use is in compliance with the Sutter Creek General Plan goals, policies, and Commercial C-2 designation.
- 3. The proposed use will not impair the integrity and character of the zoning district because the use is consistent with activities within the C-2 Zone and the existing adjacent uses.
- 4. The proposed use would not be detrimental to public health, safety or general welfare because appropriate conditions of approval have been attached to the project.
- 5. The proposed use of the property implements the Sutter Creek General Plan and the purposes of the Planning Title.

BE IT FURTHER RESOLVED the Planning Commission hereby approves the Site Plan Permit, subject to the following Conditions of Approval:

- 1. Applicant shall pay 0.13 connection fee for additional sewer flow. 0.13 connection fees equals 0.13 x \$9,943.00= \$1,292.50. Going forward all monthly service charges will be based on the 1.13 ESFUs.
- 2. After occupation, the building's water use will be monitored for 12 months to verify the original estimated flows. If actual flows differ from the original estimated flows, monthly fees and connection fees will be adjusted accordingly and billed to the parcel's account.
- 3. The City reserves the right to require the project to replace affected downstream pipelines if the actual daily flow exceeds the proposed daily flow.
- 4. The applicant shall receive approval from Sutter Creek Fire Department.
- 5. Any proposed signage must be approved prior to installation.
- 6. Meet the requirements of the Amador Water Agency and health department for Water Service.
- 7. Meet the requirements for City Sewer Service.
- 8. Comply with all applicable 2022 California Building, Plumbing, Mechanical, Electrical, and Fire Code requirements, including 2022 Chapter 11B/ADA requirements.
- 9. Provide asbestos and lead reports for the existing portion of structure to the remodeled.
- 10. Comply with City and County requirements for solid waste disposal.
- 11. Add headwall to the existing storm drain at Allen Ranch Road.

PASSED AND ADOPTED by the Planning Commission of the City of Sutter Creek on Monday the 11th day of March, 2024 by the following vote:

TO:	CITY OF SUTTER CREEK PLANNING COMMISSION	
MEETING DATE:	March 11, 2024	
FROM:	Erin Ventura, Planning Consultant	
SUBJECT:	Vesting Tentative Parcel Map #2871, 290 Spanish Street, Michael and Barbi Boyle (APN 180-054-002)	

RECOMMENDATION:

- 1. Conduct a public hearing and receive public input, and
- 2. Find that the project is Categorically Exempt under 15332 (Infill) CEQA Guidelines; and
- 3. Adopt Resolution 2023-2024-* Approving the Vesting Tentative Parcel Map #2871 based on the recommended Findings and subject to the recommended Conditions of Approval and subject to City Council approval of an exception to the Zoning Ordinance 18.16.

BACKGROUND:

The Project is located within the City of Sutter Creek, within the Historic District, on the east side of Spanish Street between Amelia Street and China Gulch Road, and also fronts on Amador Trail, as shown on the location map, Figure 1. The Project is within the General Plan Residential Single Family land use designation and the R-1 zone. The parcel slopes from Spanish Street to Amador Trail. There are two existing homes and a swimming pool on the lot that will all remain. (Figure 2). The site is surrounded by existing single-family residences and across the street from Amador High School.

The applicant is requesting the approval of a Vesting Tentative Parcel Map (Exhibit A) to divide one 0.39-acre (17,180 square feet) parcel zoned and designated R-1/RSF Residential Single Family, into two parcels (See Figure 2) zoned and designated R-1/RSF Residential Single-Family;

- Parcel 1 0.23 acre (10,167 square feet), 89.56' lot frontage width
- Parcel 2 0.16 acre (7,013 square feet), 90.32' lot frontage width

Site Location	290 Spanish Street (APN 180-054-002)
Building Plan	N/A

DISCUSSION:

General Plan and Zoning Compliance

The application, as proposed, is consistent with the General Plan Land Use Designation of RSF – Residential Single Family and Zoning designation of R-1. The minimum parcel or lot size is 7,000 square feet (0.16 acre) for lots within the R-1 zoning.

The proposed division of one parcel into two parcels is in compliance with the General Plan and zoning code of the City of Sutter Creek. No amendments are proposed or required for this application.

Subdivision Code Compliance

The applicant is requesting an exemption to comply with the Zoning Ordinance, Section 18.16- R-1 Zone-One Family Dwelling regarding setbacks. 18.16.040- Yard—Front requires a 25ft front yard setback. The existing homes on the property currently do not have 25 ft front yard setbacks. The home facing Spanish Street has a setback of 11.97ft and the home facing Amador Trail is on the property line.

Both homes have been in existence since approximately the 1940s, possibly prior to any setback requirements. Attached is a request from the property owners requesting an exemption to setbacks from the homes. (Exhibit B)

A review of parcels within the neighborhood shows that there are other parcels within the vicinity of the project site that have reduced front yard setbacks.

Exemptions can only be approved by the City Council after the Planning Commission has reviewed the proposed map and made the following three findings per Subdivision Code 17.30.010:

- A. That there are special circumstances or conditions affecting the property.
 - The two houses were permitted many years ago as they currently exist.
- B. That the exception is necessary for the preservation and enjoyment of a substantial property right of the petitioner.

The exception will not change anything about what currently exists on the property. It will not allow for additional reduced setbacks. This will allow for the creation of lots sized appropriately for the R-1 zone/ RSF land use designation rather than continuing an oversized lot for this designation/zoning.

C. That the granting of the exception will not be detrimental to the public welfare or injurious to other property in the territory in which the property is situated.

Adjacent residences have nonconforming front yard setbacks and nothing will change the existing conditions of the lot or the structures on the lot. The proposed lots will be of an appropriate size for the R-1 Zoning district and the neighborhood.

A General Plan review was conducted by City staff, and the General Plan policies are met. Conditions of Approval for the Project are attached as Exhibit C.

ENVIRONMENTAL:

Because this project requests an exemption to Zoning Ordinance Section 18.16 which requires 25 ft front yard setback, it does not qualify for a Categorical Exemption under Section 15315 (Minor Land Divisions) of the California Environmental Quality Act (CEQA) Guidelines. However, the project does qualify for a Categorical Exemption under Section 15332 (Infill) as this parcel is within a developed neighborhood.

REFERRALS:

The application package was referred to City staff and affected agencies for review. Comments received back from the affected agencies have been addressed and/or incorporated into the Conditions of Approval.

Staff recommends approval as presented, with the following Findings and Conditions of Approval:

FINDINGS:

- 1. The proposed split of the property into two parcels is essential or desirable to the public convenience or welfare;
- 2. The proposed action is in compliance with the Sutter Creek General Plan goals, policies, and RSF designation.
- 3. The proposed action will not impair the integrity and character of the zoning district because the use is consistent with activities within the R-1 Zone, which allows a lot split in which the area of the resulting lots is greater than 7,000 square feet.

- 4. The proposed action would not be detrimental to public health, safety or general welfare.
- 5. The proposed split of the property implements the Sutter Creek General Plan and the purposes of the Planning Title.

Findings per Subdivision Code 17.30.010 to allow a front yard setback of less than 25ft:

- 1. That there are special circumstances or conditions affecting the property.
 - The two houses were permitted many years ago as they currently exist.
- 2. That the exception is necessary for the preservation and enjoyment of a substantial property right of the petitioner.

The exception will not change anything about what currently exists on the property. It will not allow for additional reduced setbacks. This will allow for the creation of lots sized appropriately for the R-1 zone/ RSF land use designation rather than continuing an oversized lot for this designation/zoning.

3. That the granting of the exception will not be detrimental to the public welfare or injurious to other property in the territory in which the property is situated.

A adjacent residences have nonconforming front yard setbacks and nothing will change the existing conditions of the lot or the structures on the lot. The proposed lots will be of an appropriate size for the R-1 Zoning district and the neighborhood.

CONDITIONS OF APPROVAL:

All conditions shall be met as appropriate, prior to or concurrent with the recording of a Parcel Map.

- 1. The Parcel Map shall be in substantial compliance with the Tentative Parcel Map as approved by the Planning Commission and on file at the offices of the City of Sutter Creek.
- 2. Upon approval of the Planning Commission, a Parcel Map shall be prepared and processed in accordance with City Code Chapter 17.22 "Parcel Maps."
- 3. The Subdivider shall continue to meet the requirements of the City Subdivision Ordinance, Zoning Ordinance, Sign Ordinance, Noise Ordinance, Tree and Landscape Ordinance, and Park Dedication and In Lieu Fee Ordinance, unless otherwise specifically superseded by these Conditions of Approval.
- 4. The ordinance requirements of the Amador Water Agency shall continue to be met.
- 5. The ordinance requirements of the Sutter Creek Fire District shall continue to be met.
- 6. The Applicant shall pay the \$50.00 Notice of Exemption filing fee to the Amador County Recorder.
- 7. This subdivision shall consist of a maximum of two Residential Single-Family parcels.
- 8. The Tentative Parcel Map is valid for an initial period of 24-months from the date of approval, with extension requests filed prior to the expiration of the map.
- 9. All improvements shall be made to City Improvement Standards Details and Notes. All work shall be inspected by the City's Public Works and/or Engineering Department.
- 10. The applicant shall pay to the City all appropriate fees and shall submit to the City grading detail, drainage studies, tree removal plans, and any other documentation required by the City prior to the issuance of development permits.
- 11. Any structural development on the parcels shall comply with the CBC and Title 24 regulations, as well as demonstrate defensible space.
- 12. All easements of record shall be noted on the Parcel Map, including the 10 foot sewer easement show on the Preliminary Map.
- 13. A cleanout must be installed upstream from Parcel 2's service connection point to the shared service line.
- 14. A statement must be added to the deeds of both Parcel 1 and Parcel 2 that there is a mutual agreement for maintenance and replacement of the shared portion of the existing service line past the point of connection of the house on Parcel 2 out to the connection point at the City's sewer main. This statement shall be reviewed by the City Attorney in form and content prior to recording.
- 15. As an option to Condition 13 and 14, the house on Parcel 2 can disconnect from the existing shared sewer service line and extend a new service line out to the City's sewer main. The property owner must obtain an encroachment permit for the installation.

- 16. Verify that two sewer connection fees have been paid for the existing parcel. Per City ordinance, each parcel must pay for their own connection.
- 17. If either parcel is redeveloped, the applicant shall have the lateral inspected with a closed-circuit television (CCTV) which will be reviewed by the public works department who will determine if a new lateral must be installed.
- 18. Authorization by the City Council for an exception to the requirements of Subdivision section 18.16, allowing nonconforming front yard setbacks.

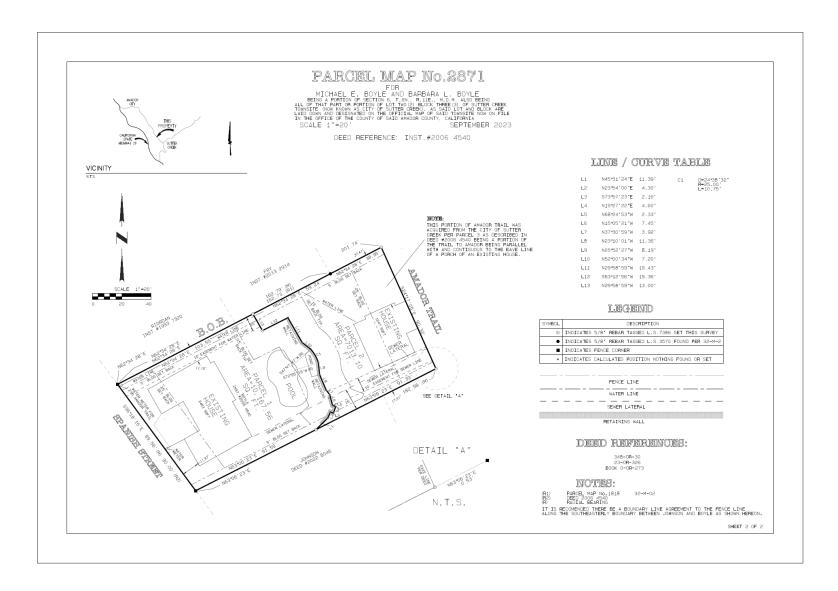

BUDGET IMPACT:

There is no budget impact directly.

RE: 290 Spanish Street and 215 Amador Trail split, Existing Parcel 2

Please see the attached legal description for the house on Amador Trail showing that when the City of Sutter Creek vacated part of the Amador Trail Road in 1985, the map shows that the house that had been there for many years was held to the current setbacks.

If you read the legal description from the title report it states on Parcel Three that the property line runs contiguous with the eave of the house:

"A PARCEL OF LAND SITUATED IN THE CITY OF SUTTER CREEK, COUNTY OF AMADOR, STATE OF CALIFORNIA, BEING A PORTION OF THE "TRAIL TO AMADOR", AS SHOWN ON THE ORIGINAL "MAP OF THE TOWN OF SUTTER CREEK", MORE PARTICULARLY DESCRIBED AS FOLLOWS:

BEGINNING AT A ¾ INCHE REBAR L.S. 3570 MARKING THE EAST CORNER OF THAT CERTAIN PARCEL OF THE LAND DELINEATED AND DESIGNATED "PARCEL 2 0.24 AC, "UPON THAT CERTAIN MAP RECORDED IN THE OFFICE OF THE RECORDER OF AMADOR COUNTY IN BOOK 32 OF THE MAPS AND PLATS, AT PAGE 3; THENCE, FROM SAID POINT OF BEGINNING, ALONG AN EXISTING FENCE LINE NORTH 62 DEGREES35'10" EAST 38.18 FEET; THENCE, ALONG A LINE PARALLEL TO, AND CONTIGOUS TO, **THE EAVE LINE OF A PORCH OF AN EXISTING HOUSE,** SOUTH 23 DEGREES9'20" EAST 89.31 FEET, TO AN EXISTING FENCE LINE; ETC."

From what we can find, the house has probably been there since 1945 (approximately) when the house on the same lot was built that faces Spanish Street, when there were probably no setback requirements.

You can also see from the map that the neighbor next to us in lot 9, also has property that took part of Amador Road and was acquired from the City of Sutter Creek.

Both houses on Spanish and Amador trail have long been there, both have separate addresses, separate sewer and Electricity, separate entrances/driveways etc. You would not even know that they are on the same lot.

We kindly ask that you allow us to split these two homes to make 2 single family homes without the required setbacks of the Amador Trail home.

Sincerely,

Michael and Barbara Boyle

EXHIBIT C RESOLUTION 23-24-*

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF SUTTER CREEK APPROVING VESTING TENTATIVE PAREL MAP 2871 FOR APN 180-054-002 AT 290 SPANISH STREET

WHEREAS, on the Planning Commission of the City of Sutter Creek did on Monday March 11, 2024, hold a public hearing for Vesting Tentative Map 2871 to split APN 180-054-002 into two separate lots to hear public comments regarding the proposed lot split; and

WHEREAS, the Planning Commission did at said public hearing receive a report from the planning staff, receive input from the Applicant and members of the public in attendance at said public hearing, and at the closing of said public hearing did deliberate and consider the same; and

WHEREAS, the Planning Commission does find the proposal is exempt from environmental review as a Class 153332 Infill under CEQA.

NOW, THEREFORE BE IT RESOLVED that the Planning Commission of the City of Sutter Creek hereby approves Vesting Tentative Parcel Map 2871 based on the following Findings:

- 1. The proposed split of the property into two parcels is essential or desirable to the public convenience or welfare;
- 2. The proposed action is in compliance with the Sutter Creek General Plan goals, policies, and RSF designation.
- 3. The proposed action will not impair the integrity and character of the zoning district because the use is consistent with activities within the R-1 Zone, which allows a lot split in which the area of the resulting lots is greater than 7,000 square feet.
- 4. The proposed action would not be detrimental to public health, safety or general welfare.
- 5. The proposed split of the property implements the Sutter Creek General Plan and the purposes of the Planning Title.

BE IT FURTHER RESOLVED that the Planning Commission of the City of Sutter Creek recommend that the City Council authorize the Planning Commission to approve Tentative Map 2871 with an exception to front yard setbacks on the following findings per Subdivision Code 17.30.010:

- 1. That there are special circumstances or conditions affecting the property.
 - The two houses were permitted many years ago as they currently exist.
- 2. That the exception is necessary for the preservation and enjoyment of a substantial property right of the petitioner.

The exception will not change anything about what currently exists on the property. It will not allow for additional reduced setbacks. This will allow for the creation of lots sized appropriately for the R-1 zone/ RSF land use designation rather than continuing an oversized lot for this designation/zoning.

3. That the granting of the exception will not be detrimental to the public welfare or injurious to other property in the territory in which the property is situated.

Adjacent residences have nonconforming front yard setbacks and nothing will change the existing conditions of the lot or the structures on the lot. The proposed lots will be of an appropriate size for the R-1 Zoning district and the neighborhood.

BE IT FURTHER RESOLVED the Planning Commission hereby approves Vesting Tentative Parcel Map 2871, subject to the following Conditions of Approval. All conditions shall be met as appropriate, prior to or concurrent with the recording of a Parcel Map.

- 1. The Parcel Map shall be in substantial compliance with the Tentative Parcel Map as approved by the Planning Commission and on file at the offices of the City of Sutter Creek.
- 2. Upon approval of the Planning Commission, a Parcel Map shall be prepared and processed in accordance with City Code Chapter 17.22 "Parcel Maps."
- 3. The Subdivider shall continue to meet the requirements of the City Subdivision Ordinance, Zoning Ordinance, Sign Ordinance, Noise Ordinance, Tree and Landscape Ordinance, and Park Dedication and In Lieu Fee Ordinance, unless otherwise specifically superseded by these Conditions of Approval.
- 4. The ordinance requirements of the Amador Water Agency shall continue to be met.
- 5. The ordinance requirements of the Sutter Creek Fire District shall continue to be met.
- 6. The Applicant shall pay the \$50.00 Notice of Exemption filing fee to the Amador County Recorder.
- 7. This subdivision shall consist of a maximum of two Residential Single-Family parcels.
- 8. The Tentative Parcel Map is valid for an initial period of 24-months from the date of approval, with extension requests filed prior to the expiration of the map.
- 9. All improvements shall be made to City Improvement Standards Details and Notes. All work shall be inspected by the City's Public Works and/or Engineering Department.
- 10. The applicant shall pay to the City all appropriate fees and shall submit to the City grading detail, drainage studies, tree removal plans, and any other documentation required by the City prior to the issuance of development permits.
- 11. Any structural development on the parcels shall comply with the CBC and Title 24 regulations, as well as demonstrate defensible space.
- 12. All easements of record shall be noted on the Parcel Map, including the 10 foot sewer easement show on the Preliminary Map.
- 13. A cleanout must be installed upstream from Parcel 2's service connection point to the shared service line.
- 14. A statement must be added to the deeds of both Parcel 1 and Parcel 2 that there is a mutual agreement for maintenance and replacement of the shared portion of the existing service line past the point of connection of the house on Parcel 2 out to the connection point at the City's sewer main. This statement shall be reviewed by the City Attorney in form and content prior to recording.
- 15. As an option to Condition 13 and 14, the house on Parcel 2 can disconnect from the existing shared sewer service line and extend a new service line out to the City's sewer main. The property owner must obtain an encroachment permit for the installation.
- 16. Verify that two sewer connection fees have been paid for the existing parcel. Per City ordinance, each parcel must pay for their own connection.
- 17. Authorization by the City Council for an exception to the requirements of Subdivision section 18.16, allowing nonconforming front yard setbacks.

PASSED AND ADOPTED by the Planning Commission of the City of Sutter Creek on Monday the 11th day of March, 2024 by the following vote:

TO:	CITY OF SUTTER CREEK PLANNING COMMISSION	
MEETING DATE:	March 11, 2024	
FROM:	Erin Ventura, Planning Consultant	
SUBJECT:	Vesting Tentative Parcel Map #2895, 40 Broad Street, Guthrie Family Revocable Trust (APN 018-163-013)	

RECOMMENDATION:

- 1. Conduct a public hearing and receive public input, and
- 2. Find that the project is Categorically Exempt under 15332 (Infill) CEQA Guidelines; and
- 3. Adopt Resolution 23-24-* Approving the Vesting Tentative Parcel Map #2895 based on the recommended Findings and subject to the recommended Conditions of Approval and subject to City Council approval of an exception to the Zoning Ordinance 18.16 (R-1 Zoning) and 18.48 (Off-street Parking).

BACKGROUND:

The Project is located within the City of Sutter Creek, within the Historic District, on the east side of Broad Street between Eureka Street and Randolph Street, as shown on the location map, Figure 1. The Project is within the General Plan Residential Single Family land use designation and the R-1 zone. The parcel is flat. There currently is an existing single-family residence, detached garage, and screed porch on the property. (Figure 2). The site is surrounded by existing residential properties.

The applicant is requesting the approval of a Vesting Tentative Parcel Map (Exhibit A) to divide one 0.43-acre (18,748 square feet) parcel zoned and designated R-1/RSF Residential Single Family, into two parcels (See Exhibit A) zoned and designated R-1/RSF Residential Single-Family;

- Parcel 1 0.23 acre (10,128 square feet), 106.03' lot frontage width
- Parcel 2 0.20 acre (8,620 square feet), 74.58' lot frontage width

DISCUSSION:

General Plan and Zoning Compliance

The application, as proposed, is consistent with the General Plan Land Use Designation of RSF – Residential Single Family and Zoning designation of R-1. The minimum parcel or lot size is 7,000 square feet (0.16 acre) for lots within the R-1 zoning.

The proposed division of one parcel into two parcels is in compliance with the General Plan and zoning code of the City of Sutter Creek. No amendments are proposed or required for this application.

Subdivision Code Compliance

The applicant is requesting an exemption to comply with the Zoning Ordinance, Section 18.16- R-1 Zone-One Family Dwelling regarding setbacks and Zoning Ordinance 18.48 Off-Street Parking. 18.16.040-Yard—Front requires a 25ft front yard setback. The existing home on the property currently does not have 25 ft front yard setbacks. The existing front yard setback is 8.5'.

The existing home is likely over 100 years old and was built prior to the required 25 ft front yard setback. The application is not requesting to increase the nonconforming setback, just maintain it.

Also, if the Parcel Map is approved, Parcel 2 will no longer have the required off-street parking of two parking spaces per dwelling unit. At this time staff is not recommending the requirement off street parking but recommends that a condition be placed on the property, and recorded with on the final map, that if the existing home is expanded, demolished or anything is done to the screen porch, off- street parking must be required.

Attached is a request from the property owners requesting an exemption to setback and off-street parking requirement. The form used is the Variance application form, they are not applying for a variance. (Exhibit B)

A review of parcels within the neighborhood shows that there are other parcels within the vicinity of the project site that have reduced front yard setbacks and less than required off street parking.

Exemptions can only be approved by the City Council after the Planning Commission has reviewed the proposed map and made the following three findings per Subdivision Code 17.30.010:

A. That there are special circumstances or conditions affecting the property.

The existing home is likely over 100 years old and was constructed prior to the setback requirements. The existing development of the proposed Parcel 2 does not allow for off-street parking at this time.

B. That the exception is necessary for the preservation and enjoyment of a substantial property right of the petitioner.

The exception to setbacks will not change anything about what currently exists on the property. It will not allow for additional reduced setbacks. This will allow for the creation of lots sized appropriately for the R-1 zone/ RSF land use designation rather than continuing an oversized lot for this designation/zoning. The lack of off-street parking will also not change as the existing detached garage structure is not safe for use.

C. That the granting of the exception will not be detrimental to the public welfare or injurious to other property in the territory in which the property is situated.

Adjacent residences have nonconforming front yard setbacks, and nothing will change the existing conditions of the lot or the structures on the lot. The proposed lots will be of an appropriate size for the R-1 Zoning district and the neighborhood. Other properties within the vicinity also lack of street parking.

A General Plan review was conducted by City staff, and the General Plan policies are met. Conditions of Approval for the Project are attached as Exhibit C.

ENVIRONMENTAL:

Because this project requests an exemption to Zoning Ordinance Section 18.16 which requires 25 ft front yard setback, it does not qualify for a Categorical Exemption under Section 15315 (Minor Land Divisions) of the California Environmental Quality Act (CEQA) Guidelines. However, the project does qualify for a Categorical Exemption under Section 15332 (Infill) as this parcel is within a developed neighborhood.

REFERRALS:

The application package was referred to City staff and affected agencies for review. Comments received back from the affected agencies have been addressed and/or incorporated into the Conditions of Approval.

Staff recommends approval as presented, with the following Findings and Conditions of Approval:

FINDINGS:

- 1. The proposed split of the property into two parcels is essential or desirable to the public convenience or welfare;
- 2. The proposed action is in compliance with the Sutter Creek General Plan goals, policies, and RSF designation.
- 3. The proposed action will not impair the integrity and character of the zoning district because the use is consistent with activities within the R-1 Zone, which allows a lot split in which the area of the resulting lots is greater than 7,000 square feet.
- 4. The proposed action would not be detrimental to public health, safety or general welfare.
- 5. The proposed split of the property implements the Sutter Creek General Plan and the purposes of the Planning Title.

Findings per Subdivision Code 17.30.010 to allow a front yard setback of less than 25ft and no required off-street parking:

- 1. That there are special circumstances or conditions affecting the property.
 - The existing home likely is over 100 years old and was constructed prior to the setback requirements. The existing development of the proposed Parcel 2 does not allow for off-street parking at this time.
- 2. That the exception is necessary for the preservation and enjoyment of a substantial property right of the petitioner.

The exception to setbacks will not change anything about what currently exists on the property. It will not allow for additional reduced setbacks. This will allow for the creation of lots sized appropriately for the R-1 zone/ RSF land use designation rather than continuing an oversized lot for this designation/zoning. The lack of off-street parking will also not change as the existing detached garage structure is not safe for use.

3. That the granting of the exception will not be detrimental to the public welfare or injurious to other property in the territory in which the property is situated.

Adjacent residences have nonconforming front yard setbacks, and nothing will change the existing conditions of the lot or the structures on the lot. The proposed lots will be of an appropriate size for the R-1 Zoning district and the neighborhood. Other properties within the vicinity also lack off-street parking.

CONDITIONS OF APPROVAL:

All conditions shall be met as appropriate, prior to or concurrent with the recording of a Parcel Map.

- 1. The Parcel Map shall be in substantial compliance with the Tentative Parcel Map as approved by the Planning Commission and on file at the offices of the City of Sutter Creek.
- 2. Upon approval of the Planning Commission, a Parcel Map shall be prepared and processed in accordance with City Code Chapter 17.22 "Parcel Maps."
- 3. The Subdivider shall continue to meet the requirements of the City Subdivision Ordinance, Zoning Ordinance, Sign Ordinance, Noise Ordinance, Tree and Landscape Ordinance, and Park Dedication and In Lieu Fee Ordinance, unless otherwise specifically superseded by these Conditions of Approval.

- 4. The ordinance requirements of the Amador Water Agency shall continue to be met.
- 5. Prior to the completion of a Final Map for Tentative Map No. 2895, the property owners will need have a new water service installed and obtain an AWA Will Serve for Parcel 1.
- 6. The ordinance requirements of the Sutter Creek Fire District shall continue to be met.
- 7. The Applicant shall pay the \$50.00 Notice of Exemption filing fee to the Amador County Recorder.
- 8. This subdivision shall consist of a maximum of two Residential Single-Family parcels.
- 9. The Tentative Parcel Map is valid for an initial period of 24-months from the date of approval, with extension requests filed prior to the expiration of the map.
- 10. All improvements shall be made to City Improvement Standards Details and Notes. All work shall be inspected by the City's Public Works and/or Engineering Department.
- 11. The applicant shall pay to the City all appropriate fees and shall submit to the City grading detail, drainage studies, tree removal plans, and any other documentation required by the City prior to the issuance of development permits.
- 12. Any structural development on the parcels shall comply with the CBC and Title 24 regulations, as well as demonstrate defensible space.
- 13. Parcel 1 will be required to install a new service line to the sewer main in the Broad Street right of way on the same side of the road as Parcel 1.
- 14. Prior to installing a service line, the property owner must obtain an encroachment permit from the City and have Public Works locate the main.
- 15. Prior to occupation of a residence on Parcel 1 the property owner must complete a Sewer Service application at City Hall and pay the current sewer connection fees.
- 16. The detached garage on Parcel 1 must be demolished prior to the completion of the Final Map.
- 17. Off- street parking will be required for Parcel 1.
- 18. If additional work is done to Parcel 2 or the existing screen porch, off-street parking must be provided.
- 19. If Parcel 2 is redeveloped, the applicant shall have the lateral inspected with a closed-circuit television (CCTV) which will be reviewed by the public works department, who will determine if a new lateral must be installed.
- 20. Authorization by the City Council for an exception to the requirements of Subdivision section 18.16, allowing nonconforming front yard setbacks and off-street parking.

BUDGET IMPACT:

There is no budget impact directly.

EXHIBIT C RESOLUTION 23-24-*

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF SUTTER CREEK APPROVING VESTING TENTATIVE PAREL MAP 2895 FOR APN 018-163-013 AT 40 BROAD STREET

WHEREAS, on the Planning Commission of the City of Sutter Creek did on Monday March 11, 2024, hold a public hearing for Vesting Tentative Map 2895 to split APN 018-163-013 into two separate lots to hear public comments regarding the proposed lot split; and

WHEREAS, the Planning Commission did at said public hearing receive a report from the planning staff, receive input from the Applicant and members of the public in attendance at said public hearing, and at the closing of said public hearing did deliberate and consider the same; and

WHEREAS, the Planning Commission does find the proposal is exempt from environmental review as a Class 153332 Infill under CEQA.

NOW, THEREFORE BE IT RESOLVED that the Planning Commission of the City of Sutter Creek hereby approves Vesting Tentative Parcel Map 2895 based on the following Findings:

- 1. The proposed split of the property into two parcels is essential or desirable to the public convenience or welfare;
- 2. The proposed action is in compliance with the Sutter Creek General Plan goals, policies, and RSF designation.
- 3. The proposed action will not impair the integrity and character of the zoning district because the use is consistent with activities within the R-1 Zone, which allows a lot split in which the area of the resulting lots is greater than 7,000 square feet.
- 4. The proposed action would not be detrimental to public health, safety or general welfare.
- 5. The proposed split of the property implements the Sutter Creek General Plan and the purposes of the Planning Title.

BE IT FURTHER RESOLVED that the Planning Commission of the City of Sutter Creek recommend that the City Council authorize the Planning Commission to approve Tentative Map 2895 with an exception to front yard setbacks on the following findings per Subdivision Code 17.30.010:

1. That there are special circumstances or conditions affecting the property.

The existing home likely is over 100 years old and was constructed prior to the setback requirements. The existing development of the proposed Parcel 2 does not allow for off-street parking at this time.

2. That the exception is necessary for the preservation and enjoyment of a substantial property right of the petitioner.

The exception to setbacks will not change anything about what currently exists on the property. It will not allow for additional reduced setbacks. This will allow for the creation of lots sized appropriately for the R-1 zone/ RSF land use designation rather than continuing an oversized lot for this designation/zoning. The lack of off-street parking will also not change as the existing detached garage structure is not safe for use.

3. That the granting of the exception will not be detrimental to the public welfare or injurious to other property in the territory in which the property is situated.

Adjacent residences have nonconforming front yard setbacks, and nothing will change the existing conditions of the lot or the structures on the lot. The proposed lots will be of an appropriate size for the R-1 Zoning district and the neighborhood. Other properties within the vicinity also lack off-street parking.

BE IT FURTHER RESOLVED the Planning Commission hereby approves Vesting Tentative Parcel

Map 2895, subject to the following Conditions of Approval. All conditions shall be met as appropriate, prior to or concurrent with the recording of a Parcel Map.

- 1. The Parcel Map shall be in substantial compliance with the Tentative Parcel Map as approved by the Planning Commission and on file at the offices of the City of Sutter Creek.
- 2. Upon approval of the Planning Commission, a Parcel Map shall be prepared and processed in accordance with City Code Chapter 17.22 "Parcel Maps."
- 3. The Subdivider shall continue to meet the requirements of the City Subdivision Ordinance, Zoning Ordinance, Sign Ordinance, Noise Ordinance, Tree and Landscape Ordinance, and Park Dedication and In Lieu Fee Ordinance, unless otherwise specifically superseded by these Conditions of Approval.
- 4. The ordinance requirements of the Amador Water Agency shall continue to be met.
- 5. Prior to the completion of a Final Map for Tentative Map No. 2895, the property owners will need have a new water service installed and obtain an AWA Will Serve for Parcel 1.
- 6. The ordinance requirements of the Sutter Creek Fire District shall continue to be met.
- 7. The Applicant shall pay the \$50.00 Notice of Exemption filing fee to the Amador County Recorder.
- 8. This subdivision shall consist of a maximum of two Residential Single-Family parcels.
- 9. The Tentative Parcel Map is valid for an initial period of 24-months from the date of approval, with extension requests filed prior to the expiration of the map.
- 10. All improvements shall be made to City Improvement Standards Details and Notes. All work shall be inspected by the City's Public Works and/or Engineering Department.
- 11. The applicant shall pay to the City all appropriate fees and shall submit to the City grading detail, drainage studies, tree removal plans, and any other documentation required by the City prior to the issuance of development permits.
- 12. Any structural development on the parcels shall comply with the CBC and Title 24 regulations, as well as demonstrate defensible space.
- 13. Parcel 1 will be required to install a new service line to the sewer main in the Broad Street right of way on the same side of the road as Parcel 1.
- 14. Prior to installing a service line, the property owner must obtain an encroachment permit from the City and have Public Works locate the main.
- 15. Prior to occupation of a residence on Parcel 1 the property owner must complete a Sewer Service application at City Hall and pay the current sewer connection fees.
- 16. The detached garage on Parcel 1 must be demolished prior to the completion of the Final Map.
- 17. Off- street parking will be required for Parcel 1.
- 18. If additional work is done to Parcel 2 or the existing screen porch, off-street parking must be provided.
- 19. Authorization by the City Council for an exception to the requirements of Subdivision section 18.16, allowing nonconforming front yard setbacks and off-street parking.
