

Welcome from the Sutter Creek Police Department

The entire SCPD team would like to welcome you to our website. Our goals are simple. We want to provide excellent public safety services in a way that enhances and protects Sutter Creek. This is only possible if we work closely with the community and our partners.

Sutter Creek PD takes great pride in our partnerships in Sutter Creek and throughout Amador County. These partnerships include those with the Sutter Creek Fire Protection District, the Jackson Police Department, the Amador Sheriff's Department, the Lone Police Department, the Amador County District Attorney's Office, Amador County Probation, the California Highway Patrol, and our schools.

As critical as these relationships are, our most important relationship is the one we have with our community. We believe that to truly provide public safety to the community, we need to know the community, and the community needs to know us.

We pride ourselves in being contributing, collaborating partners in this great community and will always be open to opportunities to help build a better Sutter Creek and Amador County.

Sincerely,
All of us at SCPD

POLICE
SUTTER CREEK

Mission

Statement

The Sutter Creek Police Department strives to serve our community with respect, honor, and integrity and to take every opportunity to foster collaboration and partner with those who live, work, and visit Sutter Creek to make our community safe and inviting to all.
